

Guidelines for SKYLLIS authors

For publication in SKYLLIS we accept only contributions which are not otherwise published or submitted for publication. For the quality management, all contributions are reviewed by the editor, the members of the academic board of SKYLLIS and by additional reviewers.

Authors are kindly asked to send:

Text (in German or English) up to 5000 words (for a longer text please contact the editor), an abstract of up to 200 words, in English (and, if possible, in German), full name(s), address and Email of the author(s). Please make sure that English texts are in correct English, as the editor cannot edit this.

Illustrations numbered in one series in their order of mention in the text. Illustrations should be named using the following system: author_name_fig. xx.tif. Please, make sure that illustrations are of sufficient quality for print.

The citation guidelines and the requirements for the quality of images follow those of the DAI available at:

<https://www.dainst.org/en/publikationen/publizieren-beim-dai/richtlinien>

Text and illustrations can be sent on CD/DVD or by e-mail (e.g. by *wetransfer*) but separated (please don't insert the illustrations into the text document).

The publisher will send proofs to the author for corrections.

After publication you will receive an author's copy of the whole volume and a digital offprint (pdf).

Please, send your paper to:

Prof. Dr. Winfried Held
Philipps-Universität Marburg
Archäologisches Seminar
Biegenstr. 11
D-35032 Marburg
Fax 06421-28 28977
